

Communication cards

English • 한국어

For a child who has just arrived and does not yet share a language with you.

The child does not need to read either language. The picture carries the meaning; the words are there for you, and for the child's family at home.

HOW TO USE

1. Photocopy this pack. It is designed to survive a black-and-white copier.
2. Tape the point-to-tell board (next page) where the child sits.
3. Cut out the cards, punch a hole in the corner, or keep them on a ring.
4. Point to a card yourself when you speak to the child. It works both ways.
5. Let the child colour them. It can help the cards feel like their own.

A NOTE ON THE LANGUAGE

This edition uses clear, standard Korean classroom wording.

Families may use different words by country, region, community, or family.

Ask the family which words sound most natural at home.

These cards support communication; they do not replace an interpreter or a child's established system.
